STREAMS: BA. CRSS

TIME: 2 HOURS

DAY/DATE: WEDNESDAY 16/04/2025

8.30 A.M. – 10.30 A.M.

**INSTRUCTIONS:**

- Answer question ONE and any other TWO questions.
- Question ONE carries 30 marks while all others are 20 marks each.

**QUESTION 1**

- a) A multinational company is setting up operations in a high-risk area. Apply the principles of security risk management to develop a risk assessment framework for the company. (10 marks)
- b) Analyze how the perception of security risk influences decision-making in corporate security strategies. (10 marks)
- c) Evaluate the effectiveness of traditional security risk management approaches in addressing emerging threats such as cybercrime and terrorism. (10 marks)

**QUESTION 2**

- a) A government agency is developing a national security policy. Demonstrate how the **Four** Pillars of Security Risk Management can be integrated into this policy. (10 marks)
- b) Analyze the Quadruple Constraints in security risk management and how they impact risk mitigation strategies in organizations. (10 marks)

**QUESTION 3**

- a) You have been hired as a security consultant to assess the changing security environment in an urban setting. Develop a risk mitigation strategy based on current trends. (10 marks)
- b) Examine the impact of globalization on the changing concepts of security risk in organizations. (10 marks)

**QUESTION 4**

- a) An organization is planning to enhance its security framework. Apply the principles of regulation and policy to develop a compliance and risk management strategy. (10 marks)
- b) Evaluate the challenges organizations face in implementing security risk management policies in a globalized economy. (10 marks)

**QUESTION 5**

- a) A company is experiencing resource constraints in its security operations. Develop a resource allocation plan for an effective security risk management program. (10 marks)
  - b) Assess the role of Capability Maturity Models in enhancing security risk management practices. (10 marks)
-
